Dr. Ashley W. Mullens
Coordinator
LSU AgCenter Therapeutic Cannabis Program
101 J. Norman Efferson Hall
Baton Rouge, LA 70803

Dear Ms. Mullens:

Louisiana Department of Agriculture and Forestry is not in receipt of your signed Memorandum of Understanding emailed on February 28, 2019 granting LSU-GBSL the authority to bring plant material in the main facility located at 18350 Petroleum Drive, Baton Rouge, LA 70803. Based on our inspector's observation on March 4, 2019, it was confirmed that plant material was moved into the main facility. The department finds LSU-GBSL in violation of the law, rules and regulations as set forth in Revised Statute 40:1046 and Louisiana Administrative Code Title 7 Section XLIX.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tabitha Irvin".
