INFORMATION CIRCULAR

(Containing information as at September 10, 2019, unless stated otherwise)

SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation of proxies by the management of **Aurora Cannabis Inc.** (“**Aurora**” the “**Company**”) for use at the Annual General Meeting of Shareholders of the Company (and any adjournment thereof) to be held at 10:00 a.m. (Mountain Time) on Friday, November 8, 2019 (the “**Meeting**”) at the place and for the purposes set forth in the accompanying Notice of Meeting. While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally or by telephone by the regular employees of the Company at nominal cost. All costs of solicitation by management will be borne by the Company.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company. The Company will bear all costs of this solicitation. We have arranged for intermediaries to forward the Meeting proxy materials to Beneficial Shareholders of record by those intermediaries and we may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

Notice-and-Access

The Company has elected to use the notice and access procedure (“**Notice and Access**”) available in National Instrument 51-102 – *Continuous Disclosure Obligations* (“**NI 51-102**”) and National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”), for the delivery of meeting materials to shareholders for the Annual General Meeting to be held on Friday, November 8, 2019. Under Notice and Access provisions, Shareholders will receive a notice (“**Notice and Access Notice**”) containing information on how they can access the Company’s Notice of Meeting and Information Circular (the “**Meeting Materials**”) electronically instead of receiving a printed copy, and if a Shareholder wishes, how to receive a printed copy of the Meeting Materials. Together with the Notice and Access Notice, Shareholders will receive a proxy (“**Proxy**”), in the case of Registered Shareholders, enabling them to vote at the Meeting. The Meeting Materials will be posted on the Company’s website at <https://investor.auroramj.com/> as of September 20, 2019, and will remain on the website for one year. The Meeting Materials will also be available on the Company’s corporate profile at www.sedar.com as of September 20, 2019. **All Registered and Beneficial Shareholders will receive a Notice and Access Notice.**

Appointment of Proxyholders

The individuals named in the accompanying form of proxy (the “**Proxy**”) are officers and/or directors of the Company. **If you are a Shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than any of the persons designated in the Proxy, who need not be a Shareholder, to attend and act for you and vote on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.**

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the common shares of the Company (the “**Common Shares**”) represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors;
- (b) any amendment to or variation of any matter identified therein; and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter. However, under New York Stock Exchange (“NYSE”) rules, a broker who has not received specific voting instructions from the Beneficial Shareholder may not vote the Common Shares in its discretion on behalf of such Beneficial Shareholder on “non-routine” proposals. Thus, while such shares will be included in determining the presence of a quorum at the Meeting and will be votes “cast” for purposes of the proposal to ratify the appointment of the Company’s auditors, they will not be considered votes “cast” for purposes of voting on “non-routine” proposals, including the election of Directors and the say-on-pay non-binding advisory vote.

Registered Shareholders

Registered Shareholders may wish to vote by proxy whether or not they are able to attend the Meeting in person. Registered shareholders may choose one of the following options to submit their proxy:

- (a) complete, date and sign the enclosed form of proxy and return it to the Company’s transfer agent, Computershare Trust Company of Canada (“**Computershare**”), by fax within North America at 1-866-249-7775, outside North America at (416) 263-9524, or by mail to the 8th Floor, 100 University Avenue, Toronto, Ontario, Canada M5J 2Y1 or by hand delivery to the 3rd Floor, 510 Burrard Street, Vancouver, British Columbia, Canada V6C 3B9;
- (b) use a touch-tone phone to transmit voting choices to a toll-free number. Registered shareholders must follow the instructions of the voice response system and refer to the enclosed proxy form for the toll-free number, the holder’s account number and the control number; or
- (c) use the internet through the Computershare website at www.investorvote.com. Registered Shareholders must follow the instructions that appear on the screen and refer to the enclosed proxy form for the holder’s account number and the control number.

In all cases the Registered Shareholder must ensure the proxy is received at least 48 hours (excluding Saturdays, Sundays and statutory holidays) before the Meeting, or the adjournment thereof, at which the proxy is to be used.

Beneficial Shareholders

The following information is of significant importance to shareholders who do not hold Common Shares in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records of the Company as the registered holders of Common Shares) or as set out in the following disclosure.

If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder’s name on the records of the Company. Such Common Shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms), and in the United States (the “**U.S.**”), under the name of Cede & Co. as nominee for The Depository Trust and Clearing Corporation (which acts as depository for many U.S. brokerage firms and custodian banks).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of meetings of shareholders. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

You should carefully follow the instructions of your broker or intermediary in order to ensure that your Common Shares are voted at the Meeting.

The form of proxy supplied to you by your broker will be similar to the Proxy provided to Registered Shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote your Common Shares on your behalf. Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**") in Canada and in the United States. Broadridge mails a Voting Instruction Form (a "**VIF**") in lieu of a Proxy provided by the Company. The VIF will name the same persons as the Company's Proxy to represent your Common Shares at the Meeting. You have the right to appoint a person (who need not be a Beneficial Shareholder of the Company), other than any of the persons designated in the VIF, to represent your Common Shares at the Meeting and that person may be you. To exercise this right, insert the name of the desired representative (which may be you) in the blank space provided in the VIF. The completed VIF must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting voting of Common Shares to be represented at the Meeting. If you receive a VIF from Broadridge, the VIF must be completed and returned to Broadridge, in accordance with Broadridge's instructions, well in advance of the Meeting in order to have the Common Shares voted at the Meeting or to have an alternate representative duly appointed to attend the Meeting and vote your Common Shares.

Notice to United States Shareholders

The solicitation of proxies is not subject to the requirements of Section 14(a) of the *United States Securities Exchange Act of 1934*, as amended (the "**U.S. Exchange Act**"), by virtue of an exemption applicable to proxy solicitations by foreign private issuers as defined in Rule 3b-4 of the U.S. Exchange Act. Accordingly, this Information Circular has been prepared in accordance with applicable Canadian disclosure requirements. Residents of the United States should be aware that such requirements differ from those of the United States applicable to proxy statements under the U.S. Exchange Act.

Any information concerning any properties and operations of the Company has been prepared in accordance with Canadian standards under applicable Canadian securities laws and may not be comparable to similar information for United States companies.

Financial statements included or incorporated by reference herein have been prepared in accordance with International Financial Reporting Standards ("**IFRS**"), as issued by the International Accounting Standards Board, and are subject to auditing and auditor independence standards in Canada. Such consequences for Shareholders who are resident in, or citizens of, the U.S. may not be described fully in this Information Circular.

The enforcement by the Company Shareholders of civil liabilities under the United States federal securities laws may be affected adversely by the fact that the Company is incorporated or organized under the laws of a foreign country, that some or all of their officers and directors and the experts named herein are residents of a foreign country and that the major assets of the Company are located outside the United States.

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a registered shareholder who has given a proxy may revoke it by:

- (a) executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the registered shareholder or the registered shareholder's authorized attorney in writing, or, if the shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the proxy bearing a later date to Computershare, at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law; or
- (b) personally attending the Meeting and voting the registered shareholder's Common Shares.

A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No director or executive officer of the Company, nor any person who has held such a position since the beginning of the last completed financial year of the Company, nor any proposed nominee for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors, the appointment of the auditor, and as otherwise set out herein.

DOCUMENTS INCORPORATED BY REFERENCE

The following documents filed with the securities commissions or similar authority in all Provinces in Canada are specifically incorporated by reference in this Information Circular:

- The Company's audited financial statements for the financial years ended June 30, 2019 and June 30, 2018, the reports of the auditor's thereon, and the related management's discussion and analysis; and
- The Audit Committee Charter of the Board's Audit Committee, a copy of which is attached as Schedule "A" to the Company's Annual Information Form dated September 10, 2019 for the financial year ended June 30, 2019.

VOTES NECESSARY TO PASS RESOLUTIONS

With respect to the election of directors, pursuant to the Company's Articles, the Board has determined that eight (8) directors are to be elected at the Meeting. Accordingly, there are eight (8) director positions to be filled. If there are more nominees for election as directors than there are vacancies to fill, the eight nominees receiving the greatest number of votes will be elected. If the number of nominees for election is equal to the number of vacancies to be filled, all such nominees will be declared elected by acclamation. Subject to the majority vote policy described below, the eight nominees receiving the highest number of votes may be, at the discretion of the Board, considered elected, even if a director gets fewer "for" votes than "withhold" votes. Similarly, unless there is a nomination from the floor for an alternative auditor, the auditor proposed by management will be appointed at the Meeting. A simple majority of affirmative votes cast at the Meeting is required to pass the other resolutions described herein.

FINANCIAL STATEMENTS

The audited consolidated financial statements of the Company for the financial year ended June 30, 2019, with the independent report of the auditor thereon, and the related management discussion and analysis will be tabled at the Meeting and will be available at the Meeting. PARTICULARS OF MATTERS TO BE ACTED UPON

ITEM 1: ELECTION OF DIRECTORS

There are currently eight (8) directors of the Company. The Board has fixed at eight (8) the number of persons to be elected at the Meeting to act as director of the Company for the ensuing year.

All of management's nominees for election at the Meeting are currently directors of the Company. If, however, one or more of them should become unable to stand for election, it is likely that one or more other persons would be nominated for election at the Meeting. **The persons named in the Proxy intend to vote for the election of the proposed nominees set out below and to exercise their discretionary authority to vote for the election of any other person in place of a nominee unable to stand for election.**

The term of office of each of the current directors will end at the conclusion of the Meeting. Unless the director's office is vacated earlier in accordance with the provisions of the *Business Corporations Act* (British Columbia), each director elected will hold office until the conclusion of the next annual general meeting of the Company, or if no director is then elected, until a successor is elected.

Majority Voting Policy

The Company has adopted a majority voting policy (the "**Majority Voting Policy**") that applies to the election of directors. Under the Majority Voting Policy, a director who is elected with more votes withheld than cast in favour of his or her election will be required to tender his or her resignation to the Chairman of the Board. The resignation will be effective when accepted by the Board and the nominee director will not participate in any committee or Board meetings or deliberations on this matter. The Majority Voting Policy does not apply in circumstances involving contested director elections.

The Nominating and Corporate Governance Committee (the “**N&CG Committee**”) will consider the resignation and make a recommendation to the Board on whether or not the resignation should be accepted. In considering the recommendation of the N&CG Committee, the Board will consider the factors taken into account by the committee and such additional information and factors that the Board considers relevant. The Board expects that resignations will be accepted unless there are extenuating circumstances that warrant a contrary decision.

The Board will announce its decision (including the reasons for not accepting any resignation) by way of a news release within 90 days of the date of the meeting at which the election occurred and provide a copy of the news release to the TSX. If the resignation is accepted, subject to any applicable law, the Board may leave the resultant vacancy unfilled until the next annual general meeting, fill the vacancy through the appointment of a new director, or call a special meeting of shareholders at which there will be presented one or more nominees to fill any vacancy or vacancies.

A copy of the Majority Voting Policy can be viewed on the Company’s website at <https://investor.auroramj.com/about-aurora/corporate-governance/>.

Advance Notice Provision

At the last annual general meeting of the Company held on Friday, November 30, 2018, the Company’s shareholders approved adoption of new Articles of the Company, which new Articles include at clause 14.12 – *Nomination of Directors*, the advance notice provisions (the “**Advance Notice Provision**”) concerning nomination of directors for election by shareholders. The Advance Notice Provision provides for advance notice to the Company in circumstances where nominations of persons for election to the Board are made by shareholders of the Company other than pursuant to (i) a requisition of a meeting made pursuant to the provisions of the *Business Corporations Act* (British Columbia) or (ii) a shareholder proposal made pursuant to the provisions of the *Business Corporations Act* (British Columbia).

The purpose of the Advance Notice Provision is to foster a variety of interests of the shareholders and the Company by ensuring that all shareholders, including those participating in a meeting by proxy rather than in person, receive adequate notice of the nominations to be considered at a meeting and can thereby exercise their voting rights in an informed manner. Among other things, the Advance Notice Provision fixes a deadline by which holders of Common Shares must submit director nominations to the Company prior to any annual or special meeting of shareholders at which election of directors will be presented, and sets forth the minimum information that a shareholder must include in the advance notice to the Company for it to be in proper written form.

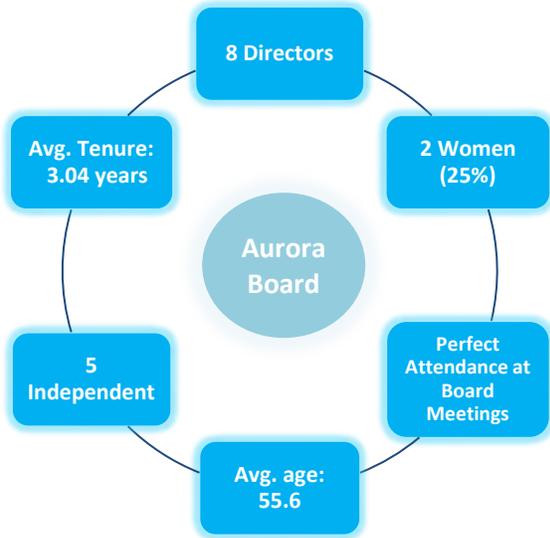

The Advance Notice Provision also require all proposed director nominees to deliver a written representation and agreement that such candidate for nomination, if elected as a director of the Company, will comply with all applicable corporate governance, conflict of interest, confidentiality, share ownership, majority voting and insider trading policies and other policies and guidelines of the Company applicable to directors and in effect during such person’s term in office as a director.

The foregoing is merely a summary of the Advance Notice Provision, is not comprehensive and is qualified by the full text of such provision in the Company’s articles, which can be viewed on the Company’s corporate website at <https://investor.auroramj.com/about-aurora/corporate-governance/>.

Any additional director nominations for the Meeting must have been received by the Company in compliance with the Company’s articles by no later than the close of business on October 9, 2019. If no such nominations are received by the Company prior to such date, management’s nominees for election as directors set forth herein will be the only nominees eligible to stand for election.

Board Composition

A snapshot of our Board’s composition is illustrated below:

NOMINEES FOR ELECTION TO THE BOARD

The following is a biography for each director nominee for election at the Meeting. All other director information can be found in this section under the heading “Director Compensation” or in the section entitled “Statement of Corporate Governance”

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE “FOR” THE ELECTION OF EACH NOMINEE SET FORTH BELOW, TO HOLD OFFICE UNTIL THE CLOSE OF THE NEXT ANNUAL MEETING OF SHAREHOLDERS OR UNTIL THEIR RESPECTIVE SUCCESSORS ARE ELECTED. Unless otherwise instructed, the persons designated in the proxy intent to vote **FOR** each nominee.

ITEM 3: SAY-ON-PAY

At the Meeting, Shareholders will have the opportunity to consider and vote on a non-binding advisory resolution to approve the compensation of the Company's Named Executive Officers ("**NEOs**", fully defined below) as described in this Information Circular in accordance with NI51-102 disclosure rules. This advisory resolution, commonly known as a "say-on-pay" resolution, gives our shareholders the opportunity to express their views on our NEOs' compensation as a whole. This vote is not intended to address any specific item of compensation or any specific NEO, but rather the overall compensation of all of our NEOs and the philosophy, policies and practices described in this Information Circular. Our Board has determined to hold such votes on an annual basis but will reassess the frequency of the vote annually. **Last year, Shareholders voted 91.46% IN FAVOUR of our NEO compensation policies and practices.**

The say-on-pay vote is advisory and, therefore, not binding on the Company, the Human Resources and Compensation Committee (the "**HR and Compensation Committee**") or on our Board. The say-on-pay vote will provide the Board and the HR and Compensation Committee with information regarding investor sentiment about our executive compensation philosophy, policies and practices, which the Board and its HR and Compensation Committee will then be able to consider when determining executive compensation for the remainder of the current financial year and beyond. The Board and our HR and Compensation Committee value the opinions of our shareholders. To the extent there is any significant vote against the NEO compensation as disclosed in this Information Circular, we may communicate directly with shareholders to understand their concerns that influenced the vote. In all events, we will consider our shareholders' concerns and will share them with the HR and Compensation Committee, which committee will evaluate whether any actions are necessary to address those concerns.

The key points of our executive compensation program are set forth in the "Statement of Executive Compensation" section of this Information Circular.

Shareholder Approval of Say-on-Pay Resolution

We believe that the information provided above and within the section entitled “Statement of Executive Compensation” of this Information Circular demonstrates that our executive compensation program is designed appropriately and is working to ensure management’s interests are aligned with our shareholders’ interests to support the creation of long-term value. Accordingly, the Company asks our shareholders to indicate their support for our NEO compensation as described in this Information Circular by voting “FOR” the following resolution at the Meeting:

“**RESOLVED**, by the Company’s shareholders, on an advisory basis, to approve the compensation of the Named Executive Officers of the Company as disclosed in the Company’s Information Circular prepared for the 2019 Annual General Meeting of Shareholders.”

Adoption of this resolution will require the affirmative vote of a majority of the Common Shares present or represented by proxy at the Meeting and entitled to vote on the matter. Abstentions will have the same effect as votes against this resolution. Brokers and other nominee holders do not have discretion to vote uninstructed Common Shares with respect to this resolution. Accordingly, if brokers or other nominee holders do not receive voting instructions from beneficial owners of the Common Shares, they will not be able to vote the Common Shares and broker non-votes may occur with respect to this resolution. However, broker non-votes will not affect the outcome of the voting on this resolution because it requires the affirmative vote of a majority of the Common Shares present or represented by proxy at the Meeting (as opposed to a majority of the outstanding Common Shares).

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE “FOR” THE APPROVAL, ON A NON-BINDING ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

STATEMENT OF CORPORATE GOVERNANCE

Governance Practices

The Board believes that establishing a good corporate governance framework and maintaining a high standard of corporate governance improves corporate performance and benefits all shareholders. The CSA have adopted National Policy 58-201 *Corporate Governance Guidelines* (“**NP 58-201**”), which provides non-prescriptive guidelines on corporate governance practices for reporting issuers. In addition, the CSA has implemented under National Instrument 58-101 *Disclosure of Corporate Governance Practices*, the Form 58-101F1 – *Corporate Governance Disclosure* which prescribes certain disclosures to be made as part of the Company’s corporate governance practices. The following is a description of our corporate governance practices.

Board of Directors

Board Mandate

The Board oversees management of the business and affairs of the Company. The Board has established a comprehensive corporate governance policy that outlines its duties and responsibilities. The Board is responsible for, among other things, overseeing the following:

- strategic planning process
- identification of principal business opportunities
- identification and management of risks, and
- internal controls and management information systems

The full text of the Board Mandate is posted on our website at <https://investor.auroramj.com/about-aurora/corporate-governance/>. The Board discharges its responsibilities either directly or through its established committees, which are: the Audit Committee, the N&CG Committee, the HR and Compensation Committee and the Science Committee (collectively, the “Committees”).

Expectations of Board Members

The Company's goal is to assemble a Board with the appropriate background, knowledge, skills and diversity to effectively carry out its duties, oversee the Company's strategy and business affairs and foster a climate that allows the board to constructively guide and challenge management. The Company expects all Board members to be self-determined and cooperative. See the director biographies above for more information about the Board.

Diversity

The Company recognizes the benefits of having a diverse Board and seeks to increase diversity at the Board level. The Company has not adopted any policies that specifically address the appointment of women to the Board or to executive officer positions and does not maintain quotas or targets regarding gender representation on the Board or in executive officer or senior leadership positions. All Board appointments are made based on merit, in the context of the skills, experience, independence, knowledge and other qualities which the Board requires to be effective, with due regard for the benefits of diversity (including the level of representation of women on the Board). As at the date of this Information Circular, the Company has two of eight directors (25%) and two of twelve senior officers (16%) who are female.

The Company believes that the most effective way to achieve its goal of increasing the representation of women in leadership roles at all levels of the organization is to identify high-potential women within the Company and work with them to ensure they develop the skills, acquire the experience and have the opportunities necessary to become effective leaders. The Company will, however, continue to evaluate the appropriateness of adopting targets in the future.

The Company recruits, manages and promotes based on an individual's competence, qualification, experience and performance, regardless of gender, age, ethnic origin, religion, sexual orientation or disability or other aspects of diversity in executive officer positions. The Company believes that considering the broadest group of individuals is required to provide the leadership needed to achieve the Company's business objectives.

Board and Committee Assessment

The N&CG Committee is responsible for assessing the effectiveness of the Board as a whole, the committees of the Board and the contribution of individual directors. The N&CG Committee Chair conducted the Company's first assessment in 2018, which included one-on-one discussions with each director. The discussions cover a range of topics including: (i) individual self-assessment; (ii) assessment of the Board and Board committee performance and effectiveness; and (iii) an assessment of management's Board materials at the Board level and at the committee level. The assessment results were summarized and presented to the Board.

In 2018, the N&CG Committee engaged an independent advisor, Global Governance Advisors ("GGA"), to review and analyze the Company's overall corporate governance practices. A list of corporate governance and compensation governance improvements were identified, and the Company began implementing such changes and recommendations during 2019. One of the governance recommendations included the recommendation for the Company to conduct an independent Board Evaluation. During 2019, GGA created a Board effectiveness process that includes two key parts (i) a Board effectiveness questionnaire and (ii) one-on-one interviews. The questionnaire measures key areas including Board and Committee assessment, Executive and Lead Director assessment, management's performance, self-assessment and desired Board skills. At the time of this publication, the 2019 Board effectiveness assessment is in progress. GGA shall attend a meeting of the N&CG Committee to present its report, address any questions the N&CG Committee may have and make recommendations as appropriate. The written analysis from GGA together with any issues or concerns raised by the questionnaire and during the meeting with the independent advisor constitutes part of the report to the Board. The N&CG Committee presents the detailed report to the Board and makes recommendations to improve the effectiveness of the Board in light of the results of the annual performance evaluation.

Independence

The Company believes in the importance of an independent Board and the N&CG Committee is responsible for making sure the Board functions independently of management. The Board has determined that a majority of the directors are independent within the meaning of NI 58-101. Ron Funk, Jason Dyck, Norma Beauchamp, Margaret Shan Atkins and Adam Szwercas are independent directors. Michael Singer is not independent because of his role as Executive Chairman, Terry Booth

is not independent because of his role as Chief Executive Officer, and Steve Dobler is not independent because of his role as President.

All Committees of the Board are comprised of only independent directors, as determined with reference to the criteria for independence prescribed by NI 58-101 and Section 303A.02 of the NYSE Listed Company Manual. Effective May 2019, all non-independent directors were replaced with independent directors with the appropriate skills and experience to sit on each sub-committee. Going forward, the Company intends to only have independent directors sit on each of the Committees.

As of February 18, 2019, Ron Funk was named as the Lead Independent Director. In this role, Ron works closely with the Chair of the N&CG Committee to advance and further enhance the Company's corporate governance practices.

Meetings of Non-Management Directors

Independent directors are invited to hold *in camera* sessions at any time, including after Board and Committee meetings. During these *in camera* sessions, members of management and non-independent directors are not present. The Company believes that these *in camera* sessions contribute to the Board's independent oversight. During the financial year ended June 30, 2019, the directors met *in camera* following each of the quarterly Board Meetings.

Other Directorships

Our directors may serve on the boards of other public companies and together on the boards and committees of other public entities, as long as their outside positions and common memberships do not affect their ability to exercise independent judgment while serving on our Board. Disclosure regarding other directorships is included in the director biographies above.

Director Interlocks

The Board does not set a formal limit on the number of interlocking Board memberships. The N&CG Committee reviews director interlock as part of its annual evaluation of director independence. As of the date hereof, there are no interlocking Board memberships.

Attendance

The Company expects directors to attend all Board and Committee meetings, as well as the annual general meeting of the Shareholders. Disclosure regarding the directors' attendance record for the year ended June 30, 2019 is included in the director biographies above.

During the financial year ended June 30, 2019, the Company's directors maintained a perfect attendance record at all Board meetings and a nearly perfect attendance at all Committee meeting as applicable to each director, with just one absence recorded over the year.

The N&CG Committee reviews the attendance record of each director as part of the nomination process. The Board will require a director to tender his or her resignation if such director did not meet a minimum attendance requirement (75% of meetings in a given year), subject to a review of extenuating circumstances for such director.

Financial Literacy

The Board defines financial literacy, as set out in NI 52-110, being that an individual is financially literate if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues generally comparable to the breadth and issues that can reasonably be expected to be raised by the Company's financial statements. The Board has determined that all of the members of the Board are "financially literate" in accordance with NI 52-110 and the rules of the TSX and NYSE.

Orientation and Continuing Education

The Company has implemented a Board member orientation program to provide all new directors with the following: (i) information pertaining to the role of the Board; (ii) an outline of the Company's history and other relevant data; (iii) recent

analysts' reports, if any; (iv) a copy of the Company's corporate governance materials; (v) information pertaining to liability insurance coverage; (vi) guidance concerning trading in the Company's securities; and (vii) guidance regarding insider information. In addition, the Company provides its Board members with access to continuing education opportunities.

While the Company does not have a formal continuing education program, in order to enable each Director to better perform his or her duties and to recognize and deal appropriately with issues that arise, the Company provides Directors with suggestions and funding to undertake continuing director education, the cost of which is borne by the Company. All Board members have significant experience in the governance of public companies, which the Board believes ensures the effective operation and governance of the Board and the Company.

Ethical Business Conduct

The Company has adopted a formal Code of Business Conduct and Ethics for directors, officers and employees as contemplated by NI 58-101, which is located on our website at <https://investor.auroramj.com/about-aurora/corporate-governance/>.

The Board monitors compliance with the Code of Business Conduct and Ethics in various ways, which are described below. The N&CG Committee meets with management and with its auditors as needed to, *inter alia*, review compliance issues, including compliance with the Company’s policies and procedures. The N&CG Committee’s mandate includes ensuring compliance by the Company’s directors, officers, employees, agents and representatives with internal policies and procedures. The Company has not filed any material change report that pertains to any conduct of a director or executive officer that constitutes a departure from the code.

In the ordinary course of business, the Company may enter into transactions with entities that directors are related to or affiliated with. If any such transactions are brought before the Board for discussion or approval, the director declares a conflict of interest and abstains from any discussion or vote on the transaction

The Company has prepared training modules for employees, officers and directors in respect of compliance with the Company’s policies and procedures. In addition, the Company has a corporate manual (the “**Manual**”) which is provided to employees at the commencement of employment and each employee reviews and provides written acknowledgement of adherence to the policies contained within the Manual which includes policies on Code of Conduct, Confidentiality, Conflict of Interest and Non-Disclosure.

The Company also has a Whistleblower Policy which supports maintaining the highest possible ethical standards in our business practices, promotes a climate of openness and accountability and encourages employees to come forward in good faith to disclose genuine concerns and to detect, forestall the continuation of, and prevent any violations of the Company’s internal policies and procedures. Employees may raise any concerns about accounting matters, internal accounting controls, auditing matters, or related questionable practices. Employees have several avenues to report their concerns including through management, Chief Legal Officer and Corporate Secretary or through an independent third party. The third party provides a website and hotline that is accessible in all countries in which the Company operates 24 hours a day, 7 days a week. If a report is submitted anonymously, the identity of the individual raising the concern through the hotline or the website is not known to the Company. Concerns raised are submitted to the Chair of the Audit Committee and/or the Chief Legal Officer and Corporate Secretary (one of which will be the primary recipient, depending on the nature of the concern) to ensure independent review, investigation and disposition of the concern.

Nomination of Directors

The Board encourages an objective nominating process for new directors by open discussion at Board meetings, and review of candidates by the N&CG Committee. The N&CG Committee consists solely of independent directors pursuant to NP 58-201 and is responsible for proposing new nominees to the Board. See “Other Board Committees”.

The N&CG Committee considers the below factors when assessing potential candidates:

- the Board's overall mix of skills and experience
- how actively the candidates participate in meetings and develop an understanding of the business
- their character, integrity, judgment and record of achievement
- diversity (including gender, cultural background, age, geographic representation and other personal characteristics)

Directors are elected by the Shareholders at each annual meeting to serve for a term expiring on the date of the following annual meeting, unless otherwise appointed or elected to fill an occasional vacancy.

Limitations on Period of Service and Other Mechanisms of Board Renewal

The Board does not limit the time a director can serve. Imposing a term limit means it may lose the contributions of longer serving directors who have developed a deep knowledge and understanding of the Company and its business over time. The Company considers the benefits of regular renewal in the context of the needs of the Board at the time. The Board will continue to monitor the potential need to introduce a term limit and mandatory retirement policy.

Succession Planning for Board and Senior Executives

In 2019, the Board, through the HR and Compensation Committee, established the Company's succession planning process with respect to senior management of the Company. The HR and Compensation Committee, in conjunction with the Company's Human Resources ("HR") team, identify the skills and experience required for the most senior executive roles within the Company. The HR and Compensation Committee, together with Company's HR team, identify the potential candidates with the desired capabilities best suited for advancement into these roles. The identified successors work with the HR Team to establish development plans to address their gaps and career goals in the context of the succession planning process. Annual reports will be provided to the Board on the progress and development of these prospective successors.

With respect to succession planning for the Board, the N&CG Committee Chair discuss annually, with each director, his or her intentions with respect to continuing to serve as a director for the ensuing year. Based on these conversations, and other considerations, the Nominating Committee leads its efforts to identify and recruit potential candidates to the Board.

Committees of the Board

The Company has an Audit Committee, N&CG Committee, a HR and Compensation Committee and a Science Committee, each of which is described below:

Audit Committee

For the financial year ended June 30, 2019, the members of the Company's Audit Committee were Michael Singer (Chair) until February 18, 2019, Margaret Shan Atkins (Chair) from February 2019 to June 30, 2019, Adam Szweras and Ron Funk. All members of the Audit Committee are independent. The Audit Committee is responsible for assisting the Board in fulfilling its oversight responsibilities by reviewing the financial information, which is to be provided to the Shareholders and the public, the systems of corporate controls, which management and the Board have established, and overseeing the audit process. It has general responsibility to oversee internal controls, accounting and auditing activities, and legal compliance of the Company. The Audit Committee is also mandated to review and approve all material related party transactions. All members of the Audit Committee are financially literate as defined in NI 52-110.

Each member of the Audit Committee has:

- an understanding of the accounting principles used by the Company to prepare its financial statements, and the ability to assess the general application of those principles in connection with estimates, accruals and reserves;
- experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can be reasonably expected to be raised by the issuer's financial statements; or experience actively supervising individuals engaged in such activities; and
- an understanding of internal controls and procedures for financial reporting.

The Company has determined that Margaret Shan Atkins qualifies as an “audit committee financial expert” under the rules of the U.S. Securities and Exchange Commission and has financial management expertise (pursuant to section 303A.07 of the NYSE Listed Company Manual).

See the Company’s 2019 Annual Information Form filed under the Company’s SEDAR profile at www.sedar.com on September 11, 2019, for further information concerning the relevant education and experience of each member of the Audit Committee and the Company’s Audit Committee charter.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Discussion and Analysis (“**CD&A**”) of the Company provides information about the Company's executive compensation program, including the objectives, processes, policies and decisions which support the determination of the compensation, both short, medium and long term, that is provided to its Named Executive Officers (or “**NEOs**”).

For the purposes of this CD&A, which reviews executive compensation for the financial year ended June 30, 2019, the NEO information discussed reflects compensation paid to:

- the Company's Chief Executive Officer (“**CEO**”);
- Chief Financial Officer (“**CFO**”);
- the Company's three highest paid executive officers whose total compensation was more than \$150,000; and
- any additional individuals for whom disclosure would have been provided except that such individual was not serving as an executive officer of the Company at the end of the most recently completed financial year.

The NEOs for the financial year ended June 30, 2019 are:

- Terry Booth, CEO;
- Glen Ibbott, CFO;
- Michael Singer, Executive Chairman;
- Steve Dobler, President; and
- Darren Karasiuk, Chief Commercial Officer

The CD&A outlines the Company's pay decisions in 2019 for the NEOs and provides context for the data presented in compensation tables.

Below are some of the key aspects of Aurora's executive compensation plan that are in place to ensure good governance:

Pay for performance – 78% of CEO Total Direct Compensation (as defined later in this section) is variable and at-risk through the annual incentive, Restricted Share Unit (“**RSU**”), Deferred Share Unit (“**DSU**”) and share option (“**Option**”) grants. The average percentage for the other NEOs is 71%.

Relevant performance metrics – The performance metrics and expected performance levels for the short-term incentive plan are reviewed annually to ensure the metrics and expected performance focus the NEOs on relevant activities for the business and tie payouts to positive performance for Shareholders. During 2020, the re-design of the Company’s Restricted Share United Plan (“**RSU Plan**”) will feature performance share units over a 3-year performance period which ties to the longer-term performance of each executive.

Annual review of peer group – The HR and Compensation Committee annually reviews the applicability of the compensation peer group for NEOs and adjusts the peer group, as necessary, to ensure it remains relevant and comparable with the ever-evolving size and scope of the Company’s operations.

Cap on short-term incentive payouts – Payouts under the short-term incentive plan are capped at 120% of target for all NEOs.

Threshold performance expectations before incentive payouts are made – Threshold performance expectations are set to make sure that a minimum level of performance is achieved against short-term incentive performance metrics before payouts can be made for that metric. Because there is a requirement for the Common Share price to exceed the exercise price set on the date of grant of Share options, an optionee must apply their initiative with a view to improve and increase the Company’s value, and must wait for the Common Share price to increase in order for value to be earned upon exercise of the Share options. This also, in the long term, acts as a minimum performance expectation imposed on each optionee.

Modest benefits and perquisites – Benefits and perquisites are set at competitive levels but represent a small part of total NEO compensation.

Review of compensation risk – The HR and Compensation Committee monitors the risk inherent within its compensation plan to ensure the plan does not encourage excessive risk-taking. To the date of this Information Circular, the Company has not identified any risks arising from the Company’s policies and practices that are reasonably likely to have a material adverse effect on the Company.

Employment agreements – The Company has employment agreements with all NEOs to protect proprietary knowledge obtained while at the Company. Under the terms of each NEO’s employment agreement, each NEO is subject to certain non-competition clauses, non-disclosure covenants and minimum notice periods in the event of the executive’s resignation. The following discussion provides information on compensation and benefits for each NEO. Termination benefits for each NEO are summarized under the heading “Employment Agreements, Termination and Change in Control Benefits”.

Independent advice – The HR and Compensation Committee has engaged an independent advisor, Mercer, to advise it on compensation matters. The company also engages Global Governance Advisors to provide it with corporate governance advice.

No repricing of Long-Term Incentives – Options, RSUs and PSUs are not allowed to be repriced unless shareholder approval is received.

No excessive severance obligations – NEO severance obligations are capped at twenty-four months.

No hedging of share-based compensation – the Company has a policy forbidding employees, officers and Directors from purchasing financial instruments to hedge or offset a decrease in the market value of options or any other share-based compensation held.

Compensation Objective and Principles

The primary objective of the Company’s executive compensation program is that it must be an attractive, market-competitive opportunity which provides adequate incentive to the executives while remaining fair and reasonable to the interests of its Shareholders.

The following principles guide this objective:

- compensation must incorporate an appropriate balance of short- and long-term rewards; and
- compensation programs must align executives' long-term financial interests with those of shareholders by providing equity-based incentives.

The Company aims, through its executive compensation program, to attract and retain experienced individuals who will fulfill the Company's strategic objectives, improve the overall performance, and drive value for shareholders.

Compensation Program Design

The Company's executive compensation program is based on a pay-for-performance philosophy to achieve the following overall goals:

- support the Company's business strategy and annual operating plans;
- encourage the attraction, motivation, and retention of key employees needed to drive the business strategy and operating plans; and
- reward these key employees for financial and operating performance, and leadership excellence.

The total executive compensation package includes elements designed to compensate executives fairly for their employment while encouraging personal initiative and targeting corporate-wide performance levels to achieve the Company's strategic and business objectives over the short and long term.

The Role of the Human Resources and Compensation Committee

Executive compensation is reviewed annually by the HR and Compensation Committee. The HR and Compensation Committee is responsible for establishing and maintaining a competitive compensation program and makes recommendations to the Board accordingly. This function assists the Board in discharging its oversight responsibilities related to the compensation and retention of the Company's executive officers.

The HR and Compensation Committee's responsibilities include, but are not limited to:

- approving employment agreements for the Company's executive officers;
- setting policies for executive officer remuneration;
- reviewing, approving, and recommending to the Board the salary, bonus, and other benefits, direct or indirect, and any change-of-control provisions of the Chief Executive Officer;
- considering the recommendations of the Chief Executive Officer and setting the terms and conditions of employment for other executive officers, including approving the salary, bonus, and other benefits, direct or indirect, and any change-of-control provisions; and
- overseeing administration of the Company's compensation plans, including share option plans, and such other compensation plans or structures as are adopted by the Company from time to time.

Industry-Competitive Compensation Model

Each year, the HR and Compensation Committee assesses the Company's executive compensation program against those of industry peers. This process allows the HR and Compensation Committee to gauge both the overall fairness and effectiveness of the program design, and to assess and adjust critical elements of its NEO compensation package (i.e. base salary, annual incentive and long-term incentives). As part of the structure, the HR and Compensation Committee have adopted a pay philosophy aligning the targeted total direct compensation of the NEOs at approximately the 50th percentile of the Company's peer group. This method ultimately ensures the NEOs of the Company are paid a fair commensurate or industry-competitive salary that aligns with earnings of other executive officers holding comparable positions within similar publicly traded entities.

The HR and Compensation Committee must ensure the Company's peer selections are fair, reasonable and unbiased. The Company's hybrid nature (i.e. serving both medical cannabis patients and adult-recreational consumers), as well as the newly established global industry in which it operates, poses some difficulty in finding high-growth companies of a similar size in

any sectors that would offer a direct peer-to-peer comparison. In the past, rapid changes in the Company's growth trajectory and limited competition specifically within the established industry meant the peer group selections had to be based, in part, on future growth expectations.

As the cannabis industry evolves, the HR and Compensation Committee's peer group selection must also evolve but ultimately remain grounded upon the Company's need to establish consistency year after year. In 2019 the HR and Compensation Committee evaluated companies that are publicly traded, of similar size and complexity (e.g. market capitalization, enterprise value, assets and revenue), and / or operate within the same or similar industry, including:

- other cannabis companies of a comparable size;
- specialized pharma companies in Canada;
- fast-moving consumer goods in the food and beverage industry.

In 2019, peer group changes included the addition of four companies of similar industry and size (Tilray Inc., Green Thumb Industries Inc., CannTrust Holdings Inc. and the Cronos Group) and the deletion of AGT Food and Ingredients Inc. as a result of AGT no longer being listed on a stock exchange and Andrew Peller Limited due to the organization operating predominately in Canada.

For fiscal 2019, the peer group used by the HR and Compensation Committee in setting executive and director compensation levels, and in shaping the Company's go-forward compensation strategy, included the following 16 companies:

Company Name	Most Recent/Projected Revenue ⁽¹⁾	Market Capitalization ⁽²⁾
Aphria Inc.	226	2,239
CannTrust Holdings Inc.	135	1,003
Canopy Growth Corp.	242	18,285
Clearwater Seafoods Inc.	592	327
Cott Corporation	3,225	3,233
Cronos Corporation	70	6,381
GW Pharmaceuticals	85	7,192
High Liner Foods Inc.	1,361	377
Green Thumb Industries Inc.	227	3,845
Lassonde Industries Inc.	1,640	1,334
Maple Leaf Foods Inc.	3,585	3,753
Molson Coors Brewing Co.	3,470	1,858
Premium Brands Holding Corp.	3,218	3,119
Rogers Sugar Inc.	806	614
SunOpta Inc.	1,694	609
Tilray Inc	241	4,995

Note:

- 1) Most recently reported trailing 12-month revenue, in millions of Canadian dollars.
- 2) Market capitalization and enterprise value as of May 30, 2019, in millions of Canadian Dollars.

The HR and Compensation Committee will continue to assess the appropriateness of this compensation peer group as the Company and sector continue to grow and mature.

Compensation Consultant

To perform these impartial yet critical peer assessments, the HR and Compensation Committee retains the services of independent third-party experts, including compensation experts, which report directly to the Committee.

Mercer (Canada) Limited ("**Mercer**") was engaged by the HR and Compensation Committee to provide expert services. Specifically, Mercer advises the Committee on trends in executive compensation within the competitive market in which the Company operates, as well as the appropriateness of peer group comparators, incentive plan design, total compensation benchmarking, and any other compensation matters that may be required to ensure fulfillment of the HR and Compensation Committee mandate.

Fees paid to Mercer for these services in fiscal 2019 were \$96,255. Mercer was first engaged in May 2018 and, at that time, the Company paid Mercer \$75,000 for these services.

Mercer compared the compensation of the Company’s NEOs against the peer group and provided its findings in an Executive Compensation Report (“**Report**”), dated June 14, 2019. The Report recommended potential compensation adjustments to position each NEO within the market-competitive range at the median (50th percentile) relative to comparable positions in peer organizations.

It should be noted that end-decisions about NEO compensation levels are the responsibility, and at the sole discretion of the plenary Board, following the recommendation of the HR and Compensation Committee. These decisions may reflect factors and considerations other than the information and recommendations provided by Mercer.

Elements of Compensation

The total NEO compensation package is comprised of three main elements: annual base salary, annual short-term incentives, and long-term incentives.

Each of the three elements of the Company’s executive compensation program were designed with its objective principle and goals in mind. That is to: 1) attract and retain quality employees; 2) ensure fair value compensation is offered; and 3) provide an appropriate mix of short-term and long-term incentives for the purpose of achieving the Company’s strategic and business objectives.

Compensation Element	Objective	Rationale	Details
Annual Base Salary	Salary provides executives with a market-competitive fixed rate of pay.	Salary provides a vehicle to attract and retain employees who can deliver on the Company’s overall goals, while maintaining an emphasis on rewarding personal performance.	Reflects an individuals’ level of responsibility and authority.
Annual Short-term Incentive (STIs)	The Management Bonus Plan encourages executives to meet specified performance targets related to certain corporate and individual objectives.	STIs provide a vehicle to reward actual performance against objectives that support the Company’s overall goals.	Each participant has a target annual bonus calculated as percentage of salary Payouts range from 0% to 120% determined based on the achievement of corporate and individual performance.
Long-term Incentive (LTIs)	LTIs align employee interests with share price growth and rewards according to the Company’s performance.	LTIs provide for a vehicle to attract and retain key employees while rewarding the achievement of the Company’s overall goal of creating value for its shareholders.	NEOs receive 30% of their annual LTI award in RSUs settled in shares with annual vesting over 3 years. NEOs receive 70% of their annual LTI award in options with annual vesting over 3-years with a 5-year term - by their nature, options will only provide gains if the Company’s Common Share price on the exercise date exceeds the exercise price, meaning that no payout will be earned if the Company’s share price does not increase in value.

Target levels within each element of the compensation program are reviewed and assessed annually by the HR and Compensation Committee to ensure market-competitive value and continued alignment with the Company and shareholder interests.

Pay Mix

A significant proportion of each NEO's pay is performance-based as noted in the following pie charts:

Annual Base Salary

Base salary is a primary level of employee compensation that is offered to all employees of the Company. NEO base salary is offered at a level of compensation designed to attract and retain individuals who possess the appropriate skills and experience, and to remunerate them for satisfying respective job roles and responsibilities. An NEO's base salary may grow over time to reflect the individual's total performance contributions in connection with their specific duties.

Base salary levels for NEOs of the Company are set out in the employment agreements, which are reviewed annually by the HR and Compensation Committee as part of the total compensation package. In making base salary recommendations to the Board, the HR and Compensation Committee considers the skills and experience of the NEOs, their sustained performance, the industry and geographic markets in which the Company operates (per the peer group assessment), and internal equity between positions of similar scope.

Base salaries are reviewed annually to ensure they continue to properly reflect a balance of market and business conditions, as well as the levels of responsibility and accountability for each individual's unique experiences, skills, capabilities, and level of sustained performance.

For fiscal 2020, the HR and Compensation Committee approved the NEO salary adjustments to position all NEOs within the market competitive range and relevant peer group median (50th percentile). For more information, please see the "Summary Compensation Table".

NEO	Fiscal 2020 Base Salary (\$)	Fiscal 2019 Base Salary (\$)	% of Base Salary Change
Terry Booth	525,000	500,000	5%
Steve Dobler	375,000	350,000	7.1%
Glen Ibbott	375,000	350,000	7.1%
Michael Singer	375,000	350,000	7.1%
Darren Karasiuk	300,000	250,000	20%

Annual Short-Term Incentives

The Company believes that having an incentivized reward structure in place motivates individual performance toward, and aligns all executive officers with, the Company's objectives. Accordingly, short-term incentives are provided through the Short-Term Incentive plan (the "Management Bonus Plan").

The Management Bonus Plan for fiscal 2019 was approved by the Board effective July 1, 2018. Adjustments to the Management Bonus Plan in 2019 reflect the approximate market-competitive range at the median (50th percentile) relative to comparable positions in peer organizations.

The Management Bonus Plan is designed to support the Company’s business strategy and annual operating plans, as well as fostering ongoing employee interest and retention. It follows a pay-for-performance philosophy, which focuses the NEOs on short and long-term corporate objectives and rewards the individual’s appropriate level of effort in achieving those objectives.

Within the broader corporate objectives, each participant in the Management Bonus Plan has a Target Bonus to achieve that is based on a percentage of base salary and determined by their position and level of responsibility.

At the beginning of each financial year, the objectives, measures and related targets are approved by the HR and Compensation Committee and subsequently by the Board. For fiscal 2019, each objective was assigned to a responsible executive who monitors the progress. Despite each Executive having a primary responsibility as defined below, each NEO’s Annual Short-Term Incentives are subject to all of these corporate objectives based on the relative weighting. In addition to the Corporate Objectives, each NEO is measured on their individual/divisional performance.

Corporate Objective	Weighting	Responsible Executive
Financial	25%	Chief Financial Officer
Operations	25%	Chief Operating Officer
Innovation/R&D	15%	Chief Science Officer
Market/Business Development	15%	Chef Global Business Development Officer
Investor Relations	10%	Chief Corporate Officer
Human Resources	10%	Chief Human Resources Officer

	CEO	President	CFO	Executive Chair	CCO
Target STIP (% of Base Salary)	75%	50%	50%	50%	50%
STIP Award Range (% of Base Salary)	0%-112.5%	0%-75%	0%-75%	0%-75%	0%-75%
Corporate Objective Weight	100%	75%	75%	75%	75%
Individual Objective Weight	0%	25%	25%	25%	25%
Below Threshold	0%	0%	0%	0%	0%
Threshold (50% of Target)	37.5%	25%	25%	25%	25%
Target (100% of Target)	75%	50%	50%	50%	50%
Maximum (120% of Target)	112.5%	75%	75%	75%	75%

To measure progress against the objective, specific performance measures are defined, and annual targets are given. For fiscal 2019, the three levels were established as follows:

- Threshold:** The minimum level of performance necessary to receive a payout (80% of Target). If threshold performance is not achieved the NEO may not receive a payout.
- Target:** The expected level of performance (100% of Target).
- Maximum:** The performance beyond Target or the largest payout opportunity available (120% of Target).

Short-term Incentives are paid to individuals upon the completion of the financial year where targets for the minimum threshold have been met or surpassed.

Short-term Incentive payouts are calculated based on the achievement (or percentage achievement) of performance. The payout multiplier will range from a minimum of 50% (THRESHOLD) to expected of 100% (TARGET) up to a maximum of 120% (MAXIMUM).

The payout formula is based on an additive plan. That is: each performance measure of the Management Bonus Plan contributes to the participant’s award separately and are then added together. This structure gives high-achieving employees recognition for their performance, even if the Company should not achieve certain corporate measures during the year. In

any financial year, if the corporate measures are below the threshold level, the eligible target bonus amount available will be at the sole discretion of the Board.

For fiscal 2018, the HR and Compensation Committee previously exercised discretion to pay out the bonuses at 100% of Target because of the significant contributions of the NEOs in the Company's overall 2018 performance.

The HR and Compensation Committee and the Board have the ability to use discretion in assessing both individual executive officer performance and overall performance to ensure that Management Bonus Plan payouts are not overly influenced by an unusual result in any one given area.

The table below provides information on these components and the outcomes achieved for fiscal 2019.

The short-term incentive payouts calculated based on the achievement (or percentage achievement) of performance for Corporate performance was then calculated to be 109% for Fiscal 2019.

The HR and Compensation Committee also reviewed the CEO's individual performance as well as the assessment of each NEO's individual performance in August for approval of fiscal 2019 bonus payout based on a percentage of base salary as determined by the NEO's level of responsibility within the Company. For more information on short-term incentives paid and the cash bonus awards approved by the Board, please see the "Summary of Compensation" table.

Long-Term Incentives

Long-term incentives ("LTIs") are awarded to NEOs as part of the total compensation package. This portion of the executive compensation package is intended to offer NEOs incentive over the longer term by providing a reward that is linked directly to the market value performance of the Common Shares. This ensures the NEOs' vested interest in the Company's continued success, which, in turn, best serves the interests of its Shareholders.

Restricted Share Unit Plan – Restricted Share Units

The principal method of awarding LTIs is through the granting of Options. In September 2017, the Company implemented a new 10% rolling Option Plan ("Option Plan"), which was approved by the Shareholders at the Company's Shareholder meeting held November 13, 2017. The Option Plan is an alternative vehicle for awarding long-term incentives to NEOs. The addition of this type of long-term incentive was made to keep pace with changes in executive compensation. The principal method of awarding LTIs is through the grant of Options. In September 2017, the Company also implemented a new RSU Plan as an alternative vehicle for awarding long-term incentive to NEOs. The addition of this type of long-term incentive was made to keep pace with changes in executive compensation market and to ensure alignment with the Company's evolving compensation objectives. The RSU Plan is described fully on page 41. Options are granted under the Option Plan, which is described starting on page 38.

The NEOs receive a combination of Options and RSU awards as part of the annual grant cycle following the financial year-end. In September 2017, each of the NEOs received an equity award comprised of a combination of RSUs weighted at 50% and Options weighted at 50%. In 2018, the Company changed its methodology to bring it in line with the peer companies' total target compensation. The Company subsequently granted awards to each NEO as an aggregate LTI, comprised of a percentage of salary at the median with a mix of RSUs weighted at 30% and Options weighted at 70%. In 2019, the LTI mix of RSUs and Options granted to each NEO remained at 30% and 70%, respectively.

The number of Options and the associated exercise prices for the NEOs are set forth in the "Option-Based Awards for the Financial Year-End" table on page 45.

Restricted Share Unit Plan – Performance-Based Vesting

The Company intends to introduce awards of RSUs with performance-based vesting criteria component to officers of the Company under the RSU Plan in 2020. RSUs are seen as an effective retention tool for senior management, which help to align their interests with those of Shareholders. A number of the companies in the compensation peer group use a combination of Options, RSUs in the design of their long-term incentive compensation programs.

The Option Plan and RSU Plan are administered by the HR and Compensation Committee and are under the Board of Directors authority with respect to their terms and conditions, which include participation, interpretation, application, amendment and termination.

TSX Policy Requirement for Continuing Shareholder Approval

Pursuant to TSX policies, both the Option Plan (and all unallocated entitlements thereunder) and the RSU Plan must again be presented to the Shareholders for consideration to obtain approval for continuation at the Company's annual shareholder meeting, which the Company expects it will hold in November 2020.

Share Ownership Guidelines

The Company has recommended and approved its Share Ownership Guidelines (“SOG”) for the NEOs, effective April 26, 2019. As of 2019, the SOG now also includes the Company directors.

The Company strongly believes that its directors and executives’ interests should be aligned with the interests of the Company’s Shareholders and, consequently, has adopted the SOG. As part of the total compensation package, our SOG requires the executives to have personal holdings in the Common Shares, or share equivalents, equal to a multiple of their annual base salary.

The targets for personal Common Share holdings of directors and executives in 2019 are established as follows:

Executive	Multiple of Base Salary
*CEO and President	5X
*All other NEOs	2X
*All other Executive Officers	1X
**Directors	3X

*Multiple of base salary, **Multiple of annual retainer

Common Share ownership, as part of the Executive Officers’ compensation model, is intended to advance the interests of the Company by encouraging NEOs to have a vested interest in the Company, and by providing them with additional incentive for their efforts on behalf of the Company in the conduct of its affairs.

The definition of “share ownership” includes Common Shares that are directly owned, Options exercised and held as Common Shares, Common Shares acquired and held in the Company savings plan, RSUs, and DSUs. Vested or unvested unexercised Options are not included in the definition of share ownership.

The ownership value will be calculated based on:

- the number of Common Shares owned multiplied by the purchase price at the time of the initial acquisition of the Common Shares, or
- the fair market value of the Common Shares at the time the ownership value is measured.

The number of outstanding Options is considered by the HR and Compensation Committee when determining the number of Options to be granted in any year, due to the limited number of Options which are available for grant under the Option Plan.

Meeting and maintaining SOG requirements are an ongoing expectation of Company executives. In 2019, the NEOs who have achieved SOG compliance are as follows:

NEO	Equity Ownership Requirement (Multiple of Salary)	Number of Shares Held Directly or Indirectly ⁽¹⁾	Value of Total Holdings (\$) ⁽²⁾	SOG Compliance
Terry Booth	\$2,500,000 (5X)	15,534,163	\$159,380,512	Yes
Steve Dobler	\$1,750,000 (5X)	20,280,149	\$208,074,329	Yes
Glen Ibbott	\$700,000 (2X)	235,907	\$2,420,406	Yes
Michael Singer	\$700,000 (2X)	263,906	\$2,707,676	Yes
Darren Karasiuk	\$300,000 (1X)	50,000	\$513,000	Yes

⁽¹⁾ Includes RSUs.

⁽²⁾ Calculated based on the \$10.26 closing share price of the Company’s Common Shares on June 30, 2019

An executive or director included in the SOG will have up to five (5) years, measured from the end of the calendar year of hire or promotion, to reach the SOG requirement. The HR and Compensation Committee reserves the right to determine time for compliance in extenuating circumstances.

- If a director has not achieved the required level of share ownership within a year of the deadline, it is the responsibility of the Chairman of the Board to discuss and resolve.
- If an executive has not achieved the required level of ownership within a year of the deadline, it is the responsibility of the CEO to discuss and resolve.

- If an executive does not achieve the SOG, cash payouts from incentive plans will be used to satisfy the shortfall.

SOGs levels are reviewed annually by the Board and the CEO. The Chief Human Resources Officer is responsible for periodically reviewing the SOG to ensure they are market-competitive and consistent with good governance practice. Any amendments to the SOG are made at the discretion of the Board of Directors.

Other Compensation and Employment Benefits

Group Benefits and Retirement Savings

The NEOs participate in the Company's Group Benefits Plan and, as of August 1, 2018, they may also elect to participate in its Retirement Savings Plan. These respective plans are designed to support the well-being of all employees and to facilitate retirement savings.

Under mandatory participation in the Group Benefits Plan, the NEOs receive the same life insurance, accidental death and dismemberment, extended health and dental care benefits as other employees.

Under elective participation in the Company's Registered Retirement Savings Plan, the Company matches employee contributions (up to a maximum of 2% of the employee's base salary).

Both the Group Benefits Plan and the Retirement Savings Plan are reviewed periodically by the Chief Human Resources Officer to determine whether they continue to meet the Company's business and human resource objectives.

Employee Share Purchase Plan

Effective November 25, 2017, the Company established an Employee Share Purchase Plan ("ESPP") to provide employees of Aurora with an opportunity to acquire an ownership interest in the Company through the purchase of its Common Shares made by payroll deductions. Under this plan, the Company matches employee contributions. Effective September 10, 2019, the Board approved the Company match to increase to a maximum of 3% of the employee's base salary (up from 1% of the employee's base salary previously).

Employment Agreements

The Company has employment agreements with each of the following NEOs, providing for the conditions mentioned in the above section "Elements of the Compensation Program".

- Terry Booth, Chief Executive Officer;
- Glen Ibbott, Chief Financial Officer;
- Steve Dobler, President;
- Michael Singer, Executive Chairman, and
- Darren Karasiuk, Chief Commercial Officer.

These agreements also contain certain potential severance and change in control payments described below under "Employment Agreements, Termination and Change in Control Benefits".

Compensation Risk Management

The Company uses the following compensation practices to mitigate risk:

- a pay-for-performance philosophy that is embedded in the compensation design;
- a mix of pay programs benchmarked against a relevant peer group in terms of both relative proportion and prevalence;
- compensation programs that include a combination of short-, medium- and long-term elements that ensure executives are incentivized to consider both the immediate and long-term implications of their decisions;
- the payout under the STIP is capped and not guaranteed, and the HR and Compensation Committee has discretion to reduce the awards;
- the STIP incorporates a balanced look at multiple facets of the Company's business by selecting performance metrics linked to finance, operations, market development, innovation and R&D, investor relations and human relations;
- the performance metrics align with the Company's overall business strategy and risk appetite;

- share ownership guidelines that ensure executives have a meaningful equity stake in Aurora to align their interests with those of the Company’s Shareholders; and
- an anti-hedging policy to prevent activities that would weaken the intended pay-for-performance link and alignment with the interests of the Company’s shareholders.

Anti-Hedging Policy

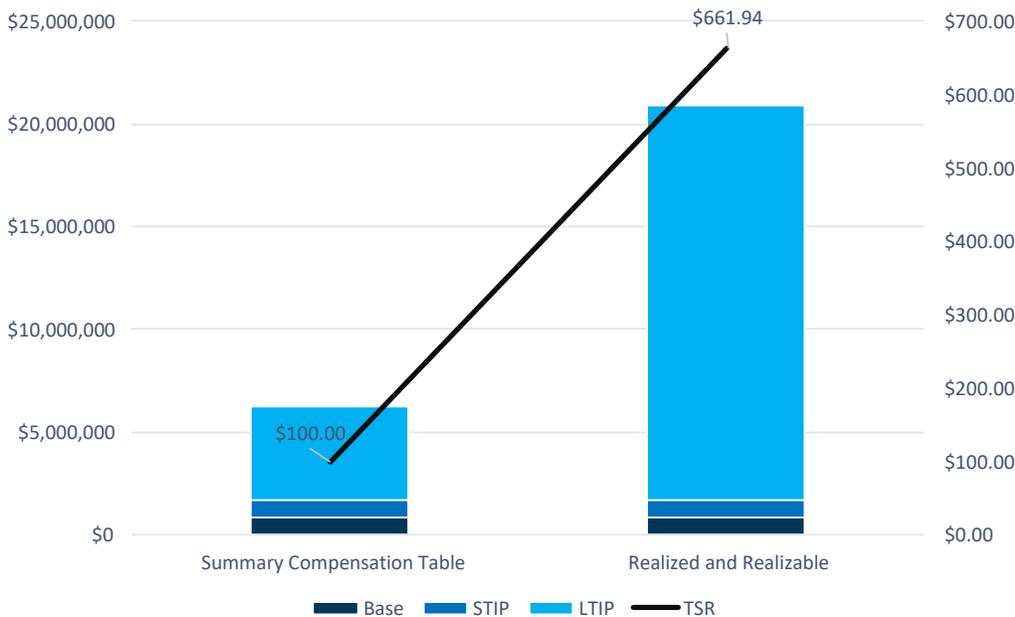

The Company’s insider trading and reporting guidelines, among other things, prohibit directors, officers, employees and contractors (of the Company and its subsidiaries) from purchasing financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held by the NEO, as such positions that delink the intended alignment of employee and shareholder interests. The following activities are specifically prohibited:

- any form of hedging activity;
- any form of transaction involving Options (other than exercising Options in accordance with the plans);
- any other form of derivative trading (including “puts” and “calls”); and
- “short selling” (selling securities that the individual does not own).

The Company does not allow repricing of Common Shares or Options granted to employees unless prior shareholder approval to the repricing is obtained.

Look Back at Realized and Realizable CEO Pay

The following graph shows the cumulative compensation granted to Mr. Booth from 2016 to 2019 (as disclosed in our summary compensation table) and the realized and realizable value as at June 30, 2019. “TSR” refers to total shareholder return.

	Compensation awarded	Realized and realizable value of compensation as at June 30, 2019	Period	Value of \$100	
				Terry Booth ⁽¹⁾	Shareholder
2017	\$2,578,109	\$12,791,000	Oct 5, 2016 to Jun 30, 2019	\$496.14	\$661.94

(1) Realized and realizable represents the intrinsic value of all equity-based awards granted in each respective year measured based on the closing price of \$10.26 as at June 30, 2019.

(2) Mr. Booth’s realizable value of \$100 awarded in total compensation in each year is calculated by taking the Realized and Realizable value of compensation as at June 30, 2019 divided by the Compensation Awarded multiplied by \$100.

PERFORMANCE GRAPH

The following graph compares the total cumulative return to a shareholder who invested \$100 in Common Shares of the Company on June 30, 2014, with the cumulative total return of the TSX Composite Index as at the June 30 year end date of the Company for each following year.

Notes:

- (1) At June 30, 2014 the Company, then known as “Prescient Mining Corp.” was trading on the TSXV under the stock symbol “PMC”.
- (2) The Company de-listed its Common Shares from the TSXV to trade on the Canadian Securities Exchange (the “CSE”) effective May 31, 2014, trading under the stock symbol “PMC”.
- (3) On October 2, 2014, the Company changed its name to Aurora Cannabis Inc. and effective October 4, 2016, the Company de-listed its Common Shares from the CSE.
- (4) Effective market opening on October 5, 2016, the Common Shares commenced trading on the TSXV under the stock symbol “ACB”.
- (5) Effective July 24, 2017, the Common Shares commenced trading on the TSX under the stock symbol “ACB”. For continuity, the ACB stock symbol shown in the graph also represents the Company’s former symbol PMC.

Aurora Cannabis	\$100.00	\$214.29	\$335.71	\$1,542.86	\$6,400.00	\$7,328.57
S&P/TSX Composite Index – Total Return	\$100.00	\$98.84	\$98.64	\$109.54	\$122.33	\$125.62
Aurora Cannabis - Revenue (millions)	\$0.00	\$0.00	\$1.44	\$18.07	\$55.20	\$247.94

As illustrated in the Performance Graph above, the Company’s share price has generally aligned with the Company’s historic revenue performance. The Company’s revenue has demonstrated steady year over year growth between 2016 and 2019. The CEO’s compensation has also followed the performance of Aurora’s share price performance. Overall the Company’s performance has dramatically outperformed the S&P/TSX Composite Total Return Index annually for the past five years.

As described in this Information Circular, the compensation policy for the Company’s directors and NEOs is primarily tied to financial performance of the business and not specifically to Common Share performance. The performance criteria is based on the Company’s relative Shareholder return as compared to a peer index. See “Statement of Executive Compensation” herein.

Compensation Oversight

The HR and Compensation Committee considers the compensation including grants of equity-based compensation to directors and officers of the Company and makes recommendations to the Board for consideration.

EMPLOYEE SHARE PURCHASE PLAN

The Board resolved on November 25, 2017, to adopt an employee share purchase plan (the “**ESPP**”), which was established to encourage employees to own Common Shares. The Company is of the view that it is in the best interests of the Company to have the interests of its employees aligned with the Shareholders and to provide employees with the opportunity to participate in the growth of the Company.

Key Features of the ESPP

Any individual who is an Employee of the Company is eligible to enrol and become a Participant in the ESPP at any time after that Employee has completed six months of continuous service on a full-time basis or 20 hours per week for three months on a part-time basis with the Company or any of its subsidiary companies.

Eligible Employees of the Company may elect to participate (a “**Participant**”) in the ESPP by contributing at least 1%, but no more than 10% of their gross pay, provided, however, that in no event shall a Participant’s payroll deductions in any calendar year exceed CDN\$10,500 as defined in the ESPP. The Company will match up to a maximum of 3% of the employee’s base salary. The funds so provided will be used to purchase shares of the Company on the open market at prevailing market prices. These combined contributions are held in trust by the ESPP Administrator, Solium Capital Inc., and used to purchase Common Shares through the facilities of the TSX on a regular basis. No Common Shares are issued from treasury in respect of the ESPP. The ESPP provides that all Common Shares held in the personal account of a Participant shall at all times be vested immediately in order to increase the overall attractiveness of the program to employees with the goal of increasing overall enrolment and participation. All expenses related to the purchase of Common Shares under the ESPP are paid by the Company, while all expenses related to the sale of Common Shares from the ESPP are paid by the Participants. Pursuant to its terms of the ESPP, the Company may amend or terminate the ESPP at any time.

On September 25, 2017, the Board adopted a new form 10% “rolling” Option plan (the “**Option Plan**”) under TSX policies the replace the Company’s venture issuer form of share option plan. Administration of the Option Plan shall be the responsibility of the appropriate officers of the Company and all costs in respect thereof shall be paid by the Company.

Subject to the provisions with respect to vesting of Options in an Optionee's employment agreement with the Company, in the case of an Optionee being terminated for cause, the Option shall immediately terminate and shall no longer be exercisable as of the date of such termination, subject to the Board determining otherwise. Notwithstanding the foregoing, when an Optionee ceases to be an Eligible Person, the Board has discretion to accelerate the vesting of his/her Options and/or allow such Options to continue for a period beyond 90 days, except however, that such Options may not be extended beyond the expiry of their original Option Period.

In the case of an Optionee who is being dismissed from employment or service for cause, or whose services are terminated for cause, such Optionee's Options, whether or not vested at the date of dismissal will immediately terminate without right to exercise same.

Assignability or Transferability of Options. Options are not assignable or transferable other than by will or by the applicable laws of descent, except to a Holding Company of the Optionee or by a Holding Company to the Optionee, with the consent of the Company. During the lifetime of an Optionee, all Options may only be exercised by the Optionee or such Holding Company.

SHARE-BASED AWARDS

RESTRICTED SHARE UNIT PLAN

The Company adopted the RSU Plan, which received shareholder approval at the Company's Annual General and Special Meeting held November 13, 2017. The Company is authorized to grant a maximum of 10,000,000 Common Shares pursuant to the RSU Plan.

Summary of the RSU Plan

Capitalized terms used but not defined in this section of the Information Circular shall have the meanings ascribed thereto in the RSU Plan.

Benefits of the RSU Plan

The RSU Plan is designed to be a long term incentive for the directors, officers and other key employees of the Company ("**Participants**") and is intended to provide for the acquisition of Common Shares by Participants for the purpose of advancing the interests of the Company through the motivation, attraction and retention of employees, directors and consultants of the Company and its designated affiliates and to secure for the Company and the shareholders of the Company the benefits inherent in the ownership of Common Shares by key employees, consultants and directors of the Company and its designated affiliates the opportunity offered to them to acquire a proprietary interest in the Company.

Nature and Administration of the RSU Plan

All Participants (as defined in the RSU Plan) of the Company and its related entities are eligible to participate in the RSU Plan (as "**RSU Plan Participants**"), though the Company reserves the right to restrict eligibility or otherwise limit the number of persons eligible for participation in the RSU Plan at any time. Eligibility to participate in the RSU Plan does not confer upon any person a right to receive an award of RSUs. The RSU Plan shall be administered by the Board or a committee appointed by the Board who will administer the RSU Plan and who can, from time to time, award RSUs to RSU Plan Participants (the "Committee"). RSUs will be credited to an account maintained for each RSU Plan Participant on the books of the Company as of the award date. The number of RSUs to be credited to each RSU Plan Participant's account shall be determined at the discretion of the Board and pursuant to the terms of the RSU Plan.

Maximum Number of Shares

The maximum number of Common Shares made available for the RSU Plan shall not exceed 10,000,000 Common Shares, subject to adjustments pursuant to the RSU Plan. The aggregate number of Common Shares issuable to Insiders pursuant to RSUs granted and all other security-based compensation arrangements shall not, at any time, and not within a one-year period, exceed 10% of the total number of Common Shares then outstanding. The number of Common Shares then outstanding shall mean the number of Common Shares outstanding on a non-diluted basis immediately prior to the proposed award of the applicable RSUs.

Restricted Period

The restricted period is subject to the discretion of the Board.

Payment of Dividends

In the event a cash dividend is paid to Shareholders on the Common Shares while an RSU is outstanding, the Committee may, in its sole discretion, elect to credit each RSU Plan Participant with additional RSUs. In such case, the number of additional RSUs will be equal to the aggregate amount of dividends that would have been paid to the RSU Plan Participant if the RSUs in the RSU Plan Participant's account on the record date had been Common Shares divided by the Market Price (as such term is defined in the TSX Company Manual) of a Common Shares on the date on which dividends were paid by the Company. If the foregoing shall result in a fractional RSU, the fraction shall be disregarded.

Death or Disability of Participant

Subject to any provisions with respect to vesting of RSUs in an RSU Plan Participant's employment agreement with the Company, in the event of the total disability or death of an RSU Plan Participant, any RSUs held by the RSU Plan Participant shall vest immediately and the Company shall issue Common Shares for each vested RSU to the RSU Plan Participant or the personal legal representative(s) of the RSU Plan Participant forthwith in full satisfaction thereof.

"Restricted Period" (defined in the RSU Plan) means any period of time during which an RSU is not vested and the RSU Plan Participant holding such RSU remains ineligible to receive RSUs as determined by the Committee in its absolute discretion, however, such period of time may be reduced or eliminated from time to time and at any time and for any reason as determined by the Committee, including but not limited to circumstances involving death or disability of an RSU Plan Participant.

Retirement or Termination during Restricted Period

Subject to any provisions with respect to vesting of RSUs in an RSU Plan Participant's employment agreement with the Company, in the event of the Retirement or Termination of an RSU Plan Participant during the Restricted Period, any RSUs held by the Participant shall immediately terminate and be of no further force or effect, provided that the Committee has the absolute discretion to waive such termination.

Retirement or Termination after Restricted Period

Subject to any provisions with respect to vesting of RSUs in an RSU Plan Participant's employment agreement with the Company, in the event of the Retirement or Termination of the RSU Plan Participant following the Restricted Period and prior to the Deferred Payment Date (defined in the RSU Plan as the date after the Restricted Period which is the earlier of (i) the date to which the RSU Plan Participant has elected to defer receipt of RSUs in accordance with the RSU Plan; and (ii) the RSU Plan Participant's Termination or Retirement Date) the RSU Plan Participant shall be entitled to receive and the Company shall issue forthwith Common Shares in satisfaction of the RSUs then held by the RSU Plan Participant.

Adjustments

In the event there is any change in the Common Shares, whether by reason of a stock dividend, consolidation, subdivision, reclassification or otherwise, an appropriate adjustment shall be made by the Committee in:

- (a) the number of Common Shares available under the RSU Plan; and
- (b) the number of Common Shares subject to any outstanding RSUs.

If the foregoing adjustment shall result in a fractional Common Share, the fraction shall be disregarded. All such adjustments shall be conclusive, final and binding for all purposes of the RSU Plan.

Change of Control

Subject to any provisions with respect to vesting of RSUs in an RSU Plan Participant's employment agreement with the Company, in the event of a Change of Control, all RSUs outstanding shall vest or be deemed to have vested immediately prior to the Change of Control and be forthwith settled by the issuance of applicable Common Shares notwithstanding the Restricted Period and any applicable Deferred Payment Date.

Non-Assignable

The RSUs are non-assignable.

Amendment or Termination of RSU Plan

The Committee may from time to time in the absolute discretion of the Committee (without further shareholder approval) amend, modify and change the provisions of the RSU Plan, including, without limitation:

- (a) amendments of a housekeeping nature; and
- (b) changes to the Restricted Period of any RSU.

However, other than as set out above, any amendment, modification or change to the provisions of the RSU Plan which would:

- (a) materially increase the benefits of the holder under the RSU Plan to the detriment of the Company and its shareholders;
- (b) increase the maximum number of Common Shares, which may be issued pursuant to the RSU Plan;
- (c) reduce the range of amendments requiring shareholder approval contemplated in this Section;
- (d) permit RSUs to be transferred other than for normal estate settlement purposes;
- (e) change insider participation limits and the director limits which would result in shareholder approval to be required on a disinterested basis; or
- (f) materially modify the requirements as to eligibility for participation in the RSU Plan;

shall only be effective upon such amendment, modification or change being approved by the shareholders of the Company. In addition, any such amendment, modification or change of any provision of the RSU Plan shall be subject to the approval, if required, by any regulatory authority having jurisdiction over the securities of the Company.

To date, there has been one amendment to the RSU Plan, whereby on July 16, 2018 the RSU Plan was amended to allow participants to revoke their election to defer payments.

DEFERRED SHARE UNIT PLAN

On October 5, 2018, the Board approved the adoption of a Non-Employee Directors Deferred Share Unit Plan (the “**DSU Plan**”) which was ratified by the Shareholders at last year’s annual general and special meeting held November 30, 2018.

The purpose of the DSU Plan is to provide non-employee directors (the “**Eligible Persons**”) with the opportunity to receive equity based compensation and incentives, thereby (i) increasing the proprietary interests of the Eligible Persons in the Company, (ii) aligning the interests of such Eligible Persons with the interests of the Company’s Shareholders (iii) encouraging such Eligible Persons to remain associated with the Company, and (iv) substituting equity based compensation for cash based compensation.

Summary of the DSU Plan

A summary of the DSU Plan is set out below and a complete copy of the DSU Plan is available under the Company’s SEDAR profile. Capitalized terms used, but not defined herein have the meaning ascribed to them in the DSU Plan.

Administration of Plan

The HR and Compensation Committee administers the DSU Plan. The DSU Plan provides that non-employee directors may elect to receive up to 100% of their annual compensation amount as established from time to time by the Board (the “**Annual Base Compensation**”) in DSUs. A DSU is a unit credited to a Participant by way of a bookkeeping entry in the books of the Company, the value of each DSU is equivalent to one Common Share. All DSUs paid with respect to Annual Base Compensation or otherwise awarded by the Board of Directors will be credited to the director by means of an entry in a notional account in their favour on the books of the Company (a “**DSU Account**”) when such Annual Base Compensation is payable or discretionary grant is made. The director’s DSU Account will be credited with the number of DSUs calculated to the nearest thousandth of a DSU, determined by dividing the dollar amount of compensation payable in DSUs on the payment date by the Share Price of a Common Share at the time. Share Price is defined in the DSU Plan and means (if the Common Shares are listed and posted for trading on the TSX) the closing price of a Common Share on the TSX averaged over the five (5) consecutive trading days immediately preceding the date of grant or the redemption date, as the case may be. Fractional Common Shares will not be issued and any fractional entitlements will be rounded down to the nearest whole number. In addition to the DSUs granted as part of a director’s Annual Base Compensation, the Board may also, from time to time and in its sole discretion, grant one or more awards of DSUs to directors on terms and conditions consistent with the DSU Plan.

Generally, a Participant (as defined in the DSU Plan) shall be entitled to redeem his or her DSUs during the period commencing on the business day immediately following the date upon which the Participant ceases to hold any position as a director of the Company or its subsidiaries and is no longer otherwise employed by the Company or its subsidiaries, including in the event of death of the Participant (the “**Termination Date**”) and ending on the 90th day following the Termination Date, provided, however that for U.S. Eligible Participants, redemption will be made upon such Participant’s “separation from service” as defined under Internal Revenue Code Section 409A.

Redemptions of DSUs under the DSU Plan may be (i) in Common Shares issued from treasury (subject to the Shareholder approval being sought at this Meeting), (ii) Common Shares purchased by the Company on the open market for delivery to the former non-employee director, or (iii) settled in cash or any combination of the foregoing, as determined by the Board in its sole discretion.

Maximum Number of Common Shares Issuable for DSUs

DSUs may be granted by the Company in accordance with the DSU Plan provided the number of Common Shares issuable pursuant to the DSUs outstanding pursuant to the DSU Plan from time to time shall not exceed 1,000,000. The maximum number of Common Shares issuable pursuant to all Security Based Compensation Arrangements (including the Option Plan, DSU Plan and RSU Plan), at any time, including all shares, options or other rights to purchase or otherwise acquire Common Shares that are granted, shall not exceed, in aggregate, 10% of the total number of outstanding Common Shares.

The DSU Plan provides that the maximum number of Common Shares issuable to insiders (as that term is defined by the TSX) pursuant to the DSU Plan, together with any Common Shares issuable pursuant to any other security-based compensation arrangement of the Company, will not exceed 10% of the total number of outstanding Common Shares. Further, the aggregate number of shares that may be issued to insiders pursuant to the DSU Plan and all other security-based compensation arrangements of the Company, within any 12-month period may not exceed 10% of the Common Shares outstanding at the beginning of such 12-month period.

Transferability

No right to receive payment of deferred compensation or retirement awards shall be transferable or assignable by any Participant under the DSU Plan except by will or laws of descent and distribution.

Amendments to the DSU Plan

The Board may at any time, and from time to time, and without shareholder approval, amend any provision of the DSU Plan, subject to any regulatory or stock exchange requirement at the time of such amendment, including, without limitation:

- (a) for the purposes of making formal minor or technical modifications to any of the provisions of the DSU Plan including amendments of a “clerical” or “housekeeping” nature;
- (b) to correct any ambiguity, defective provision, error or omission in the provisions of the DSU Plan;
- (c) amendments to the termination provisions of the DSU Plan;
- (d) amendments necessary or advisable because of any change in applicable laws;
- (e) amendments to the transferability of DSUs;
- (f) amendments relating to the administration of the DSU Plan; or
- (g) any other amendment, fundamental or otherwise, not requiring shareholder approval under applicable laws; provided, however, that:
 - (i) no such amendment of the DSU Plan may be made without the consent of each affected Participant in the DSU Plan if such amendment would adversely affect the rights of such affected Participant(s) under the DSU Plan; and
 - (ii) shareholder approval shall be obtained in accordance with TSX requirements, for any amendment:
 - i. to increase the maximum number of Common Shares which may be issued under the DSU Plan;
 - ii. to the amendment provisions of the DSU Plan; or
 - iii. to expand the definition of “Participant”.

Certain United States Federal Income Tax Consequences

The following is a summary of the principal U.S. federal income tax consequences generally applicable to DSUs awarded under the DSU Plan. The following description applies to DSUs that are subject to U.S. federal income tax. The grant of DSUs and the crediting of DSUs to a Director's DSU Account should not result in taxable income to the Director at the time of grant. When DSUs are settled, the Director will recognize ordinary income equal to the fair market value of the Common Shares and cash received in settlement of the DSUs, and the Company will be entitled at that time to a corporate income tax deduction (for U.S. federal income tax purposes) for the same amount, subject to the general rules concerning deductibility of compensation. A Director's basis in any Common Shares received will equal the fair market value of the Common Shares at the time the Director recognizes ordinary income. If, as usually is the case, the Common Shares are a capital asset in the Director's hands, any additional gain or loss recognized on a subsequent sale or exchange of the Common Shares will not be ordinary income but will qualify as a capital gain or loss. To the extent that a Director's DSUs are subject to U.S. federal income tax and to taxation under the *Income Tax Act* (Canada), DSUs awarded under the DSU Plan are intended to comply with Section 409A of the Internal Revenue Code and to avoid adverse tax consequences under paragraph 6801(d) of the regulations under *the Income Tax Act* (Canada). To that end, the DSU Plan contains certain forfeiture provisions that could apply to DSUs awarded under the DSU Plan in limited circumstances.

Approval

The DSU Plan has been approved for a period of three years and will be presented to the Shareholders for approval for continuation of the DSU Plan at the Company's annual general meeting to be held in 2021.

DIRECTOR COMPENSATION

Our director compensation program shares similar objectives with our executive compensation program: to attract and retain qualified directors and to align the interests of directors and shareholders. Directors receive their annual retainer in cash and DSUs. In addition, the Company has adopted a Director Share Ownership Guideline to help reinforce a director's alignment with longer term Shareholder interests.

Flat Fee

Each non-executive director receives a flat fee Board retainer, which aids the Company in its philosophy to attract and retain qualified directors and reflects a director's ongoing oversight and responsibilities throughout the year and their attendance at Board meetings. In addition to a Board retainer, the directors are entitled to receive a per-meeting fee for acting as a Board committee member. The Lead Director and committee Chairs are eligible to receive an additional retainer above the

base Board and committee retainer. Messrs. Booth and Dobler are not eligible for director compensation. The director compensation fees for non-executive directors are summarized in the following table:
